Click! Network: Setting a new standard for business connectivity

Business connectivity

Designed For Growth

Designed For Reliability

Designed For Choice

Click! Network gives businesses a choice of telecommunications providers and a selection of products to support business growth and expansion. Click! Network is a state-of-the-art network designed to be reliable and flexible.

Our carrier-grade network is SONET-based with a redundant, fiber architecture. We also support a robust Metro Ethernet Network. The network extends throughout Tacoma, Fircrest, University Place, parts of Lakewood, Fife and other parts of Tacoma Power's service area.

SONET Based Line Services	Metro Ethernet Services
DS-1, DS-3 up to OC-48	10/100/1000 Mbps
CUSTOM OC-N	EPL, EVPL
