

Music Channel Changes

Click! Cable TV is making changes to its music channel line-up effective April 15, 2009.

Music Choice, our music provider, constantly monitors music trends and evaluates the product offering to better serve the evolving music interests of our customers. As a result of recent research, several new music channels are being added while some others have been consolidated or in some cases, removed or renamed.

In addition, don't forget that we also offer many of the top local radio stations in the market, starting on channel 949.
